

IN THE UNITED STATES DISTRICT COURT  
FOR THE WESTERN DISTRICT OF MISSOURI  
WESTERN DIVISION

WILLIAM C. YOUNG *pro se*, ~~BOYD, AND KENNETH DULAS~~  
~~BOYD, AND KENNETH DULAS~~

Plaintiff(s);

vs.

Case No. 14-00127-cv-W-DW

UNIFIED GOVERNMENT OF  
WYANDOTTE COUNTY/KANSAS  
CITY, KANSAS, AND ALL CITY  
TOW SERVICE, et al,

Defendant(s).

COMPLAINT

COME NOW plaintiff is requesting that the court **FREEZE & PLACE HOLD** on the Unified Government of Wyandotte County/ Kansas City Kansas' **HUD funds** until the defendants whom are abusing federal money, the elderly & disabled, Native Americans, and African Americans correct the following **United States Department of Housing and Urban Development** violations:

1. Whereas, on or about December of 2013, the defendants abused plaintiffs [low income elderly disabled senior citizens who reside at the Cathedral Square Tower HUD apartments located at 444 W. 12<sup>th</sup> Street, KCMO] via several violations of the **American Disabilities Act of 1990** and violations pertaining to **Abuse of the Elderly USC Title 42** regarding **Public Accommodations [Chapter 42-66-8.2]**.
- (1) Whereas, Kenneth Dulas who is a disabled elderly senior citizen and resides at CST on or about December of 2013 visited a public place in Kansas City, Kansas [7<sup>th</sup> Street Casino] and after finding no place to park for disabled persons parked on Wyandotte County property; whereby, while Mr. Dulas was in the casino, a Wyandotte County Deputy Sheriff spotted Dulas' pickup; whereupon, the officer noticed that Kenneth's license plates had expired; thereupon, the officer then had the vehicle towed and impounded at All City Tow Service at 1015 S. Bethany in Kansas City, Kansas; thereafter, the defendants refused to return vehicle and personal property to owners; also, by the defendants not releasing the garage door opener which is owned by CST, they have endangered the lives of 156 tenants; whereupon, anybody can access CST property to inflict bodily harm upon tenants. Also, Boyd & Dulas had groceries in vehicle which happen to be their food supply for the supply month.

---

<sup>1</sup>Plaintiff(s) request Trial by Jury in Kansas City, Missouri.

<sup>2</sup>This case is a class action against the defendants for the illegal seizure of real & personal property, abuse of HUD funds, abuse of elderly, and discrimination against the handicap & racial discrimination of African/Native Americans.

- (2) Henceforth, Dulas and Boyd have no groceries to eat; they have no credit to borrow money; they have no money in the bank; the only asset they have in the world is their pickup truck; they have no ways and means to get to doctors for medical treatments; they had to catch the bus in freezing temperatures to get a food pantry; they had to walk to the State of Missouri office building [downtown] in freezing weather to try to get food stamps because the defendants refuse to return to them their groceries; whereupon, they caught a severe cold, but had no transportation to go to clinic.
- (3) Whereas, by the City of KCK not having accommodations for Mr. Dulas [a disabled senior citizen] to park in a public place this is a violation of the American Disabilities Act of 1990-Title III.
- (4) When an Officer of Wyandotte County, Kansas Sheriff's Department impounded Mr. Dulas' vehicle for expired tags in Missouri [another state] this means there is conflict with a municipal law of KCK and the Constitution of the United States of America; however, the U.S. Constitution is the Supreme Law of the land that supersedes municipal codes and state laws as a superior law; consequently, the City of KCK violated Kenneth Dulas' Fourth Amendment Constitutional Rights; therefore, the City of KCK had no search warrant nor any arrest warrant, or any legal right to impound a vehicle for a license violation in another state.
- (5) Whereas, the defendants subjected William C. Young and 155 other tenants who reside at CST to danger [**endangered lives of elderly/abuse of elderly-Title 42 USC**]; whereupon, anyone could access property with HUD garage door opener and commit a crime or murder William Young; moreover, Mr. Young had threats to his life on or about December of 2013 and made reports to FBI and KCMO Police Department; furthermore, Young who is a Consumer Protector and Government Informer submitted 28<sup>th</sup> Amendment Concealed Gun Amendment to Congress and mandates to reopen murder cases of John F. Kennedy, Robert F. Kennedy, Martin Luther King, and Malcom X conducive to making proposal to put pharmaceutical companies out of business to promote social medicine in USA via the U.S. Court Appeals for the Eighth Circuit; thereupon, drug dealers have put a contract out on Bill Young's life because of his concealed gun amendment or, anyone can put a bullet in Mr. Young and blame it on the other guy and would pay mega bucks to have possession of that garage door opener to enter CST property and murder Mr. Young.
- (6) Therefore, with those things being said and done, the plaintiff(s) are asking the court to award 156 tenants at Cathedral Square Tower HUD senior citizen & disability apartment complex **\$1.7 million dollars for punitive damages.**
- (7) **For closure of this case:** this case will be confusing to jurors because this is a rare instance where there is conflict between a municipal law/or state law and a federal law. To simplify, the states and municipalities of Kansas and Missouri have a reciprocal agreement that if an officer via background checks spots a vehicle with expired tags from another state in their jurisdiction then the arresting officer has the authority to impound the vehicle or arrest the driver of that vehicle as a suspect for violating a crime in another state; however, this reciprocal agreement between states will satisfy state law; but, at the same time it is in conflict with the Constitution and violates Mr. Kenneth Dulas' 4<sup>th</sup> Amendment Constitutional Rights which means that in a situation where there is conflict with a state law and a federal law then federal law supersedes state law, because the **"U.S. Constitution is the Supreme Law of the Land"**, and if Kenneth Dulas is wrong and the defendants are right then the Constitution of the United States of America and all of its amendments are a lie.

2. Whereas, the defendants are part of a two-hundred-year-white-bigot-culture that systemically and methodically cheat African Americans & Native Americans out of land and mineral rights by using Eminent Domain as a ways, and means to commit a scam while destroying their proud heritage and culture.
- (1) **The First Criminal Act** occurred on or about April of 2009 when at such time an employee of Edward L. Kates driving a bulldozer drove it into the front part of the historical building located at 642-644 Parallel Parkway causing permanent damage to the structure thereupon causing roof to collapse, and instead of making police report, left the scene of a crime and a gap in the façade of the building allowing thieves and persons passing by to help themselves to over 83,000 historical artifacts worth over \$2 billion dollars [see Exhibit A]; henceforth, this action constitutes the **1st Count of a Criminal Action** by leaving the crime scene via committing a felony and **2<sup>nd</sup> Count of a Criminal Action** via destroying a historical building at which time the DJ Young foundation had been established to receive over a million dollars in funds from historical societies, Churches of God in Christ, and the Assemblies of God Churches to renovate the old building and declare it a **National Historical Site** as the Huron Cemetery and the Quindaro Ruins; therefore, this case is similar to *Wyandotte Nation vs. City of Kansas City, Kansas* @ which time Eliza Conley had become the first female Native American in history to argue case before the Supreme Court to make the **Huron Cemetery a National Historical Site**; also this case is similar to Commissioner Nate Barnes [who has the history I.Q. of a moron] & the UG who tried to convert **Quindaro Ruins** into a landfill, but was stopped by Marvin Robinson & company before it was declared a **National Historical Site**.
- (2) Whereas, conducive to destroying over 83,000 historic artifacts, the defendants via Eminent Domain and the illegal seizure of real property and historical printing equipment worth over \$100 million; whereupon, three attorneys [2 attorneys live in Johnson County, pay taxes in Johnson County, and send their kids to schools in Johnson County at the financial burden of Wyandotte County taxpayers **Katherine Lynch & Tim Orrick**] whom are employees of the UG seized historical printing in order to benefit members of the Kansas Bar Association by creating a billion lawsuit at the expense of the Wyandotte County taxpayers.
- (3) Whereas, the UG took HUD funds that was earmarked for low income families [and shelters for homeless] in the urban area to build upper middle class families and Commissioner Nate Barnes new homes in 3 housing divisions; one of those new home subdivisions is called the Peregrine Falcon where Barnes live.
- (4) Whereas, the City of Kansas City, Kansas have never did anything to promote the achievements of African Americans or Native Americans living in Wyandotte County as their sister town Kansas City, Missouri: whereas, KCK tried to destroy the Sacred Native American ground of the Huron Cemetery by trying converting it into a shopping mall and tried to turn the Quindaro Ruins into a landfill; henceforth, the City KCMO restored the 18<sup>th</sup> Historical District and the Gem Theater while the City of KCK did absolutely nothing to preserve 5<sup>th</sup> Street or the Princess Theater; whereas, KCMO named streets after its first African American mayor [Emanuel Cleaver, II]

and the Bruce R. Watkins thoroughfare was named after KCMO's first African American city councilman while KCK had the audacity to name somebody's back yard after KCK's first African American chief of police [Boston Daniels Park]; whereas, no streets have been named after Verdis Young Robinson who was the first African American female to serve in the Kansas legislature and the last county commissioner to serve under the old infrastructure; nor, has any streets been named after David Johnson Young the first African American televangelist that established Young Memorial COGIC and Kansas Jurisdiction East as the first Churches of God in Christ churches in the State of Kansas; henceforth, even Kansas City, Missouri named a street/block after Rev. Floyd Thuston who established one of the first COGIC churches in Kansas City, Missouri; whereas, KCMO has erected new buildings in the urban core to serve African Americans and other minorities such as the Lucile Bluford Library, the Bruce R. Watkins Heritage Center, the Swope Park Community Center, the Hillcrest Community Center, the Samuel Rodgers Medical Centers, the Palestine Garden senior citizen apartments, the Jamison Temple Homes, the Don Bosco Community Center, the Westport House Apartments & Cathedral Square Towers/HUD properties, the Lincoln Garden Apartments, Swope Park Estates, the American Jazz Museum, and the Negro League Baseball Museum **while the City of KCK have done next to nothing to promote projects to aid the urban core of Kansas City, Kansas.**

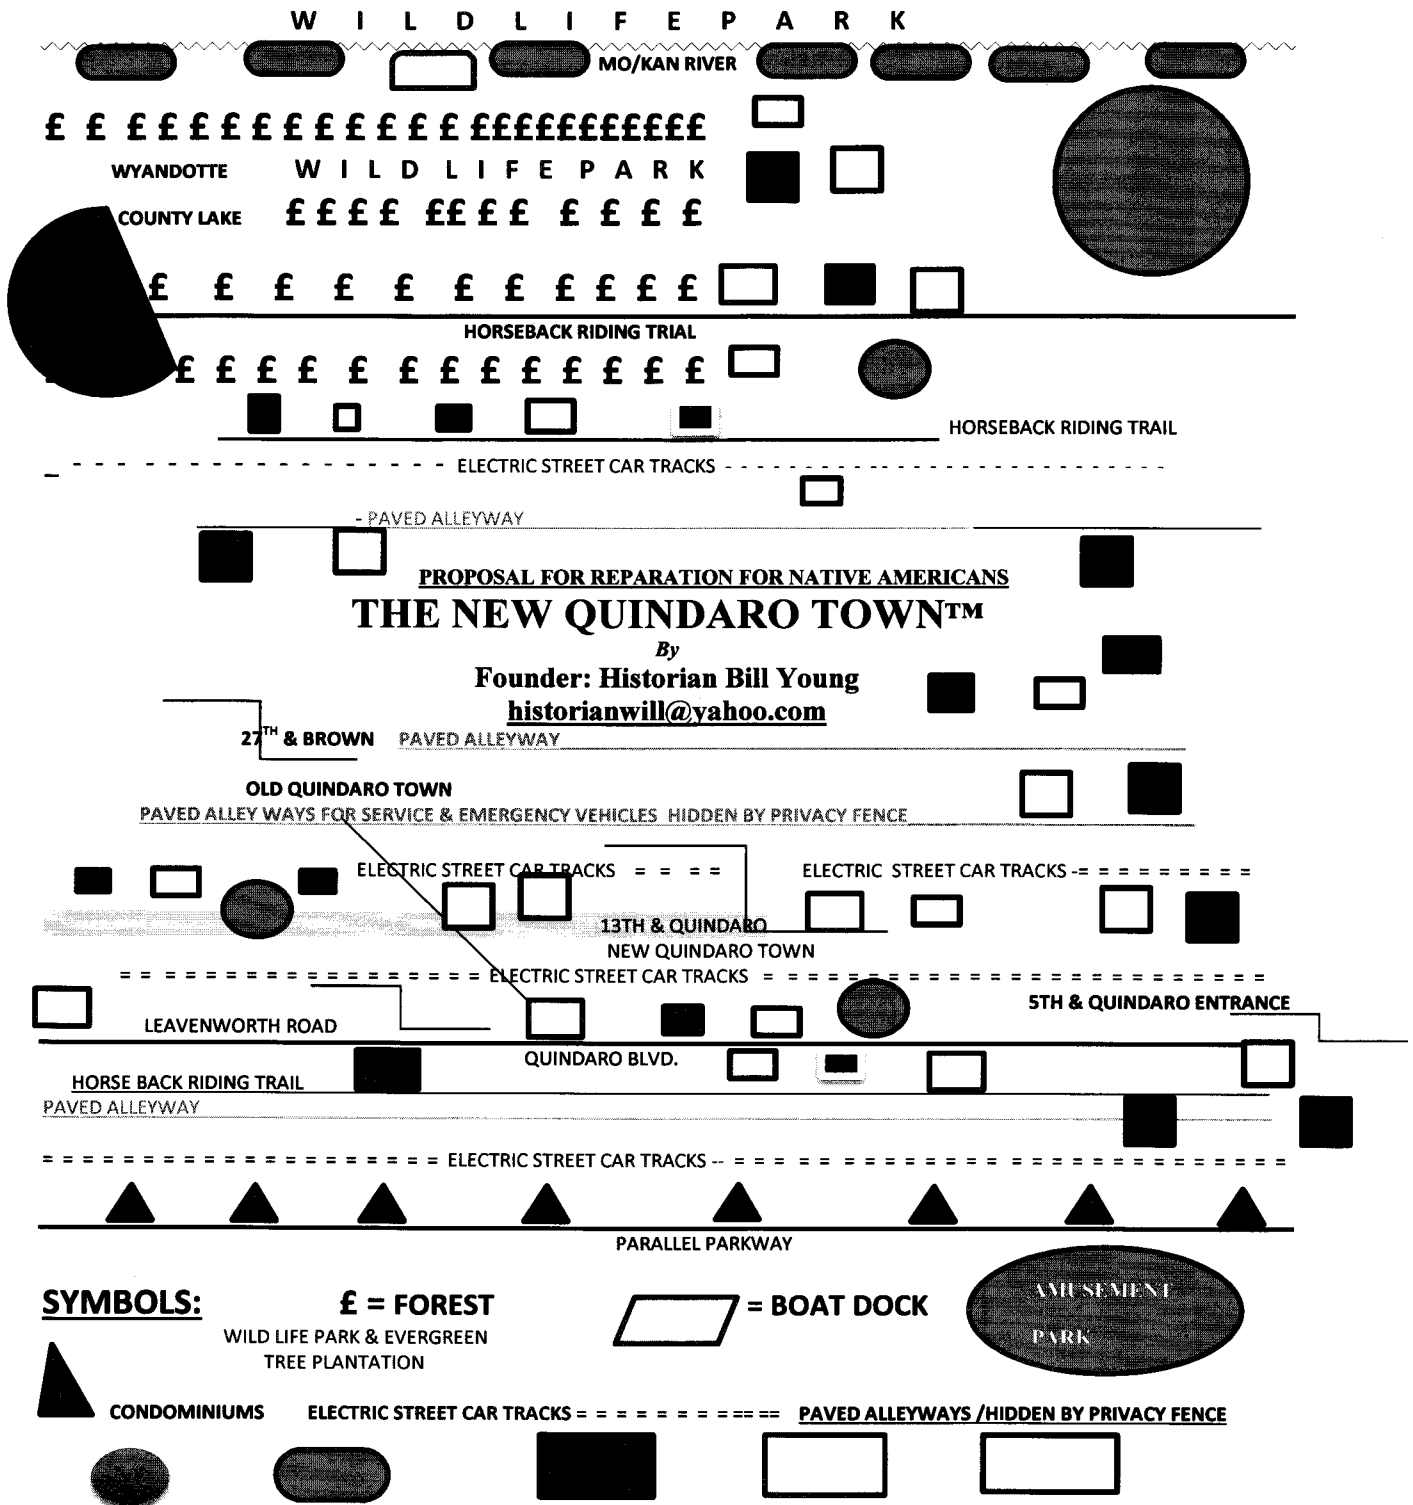

- (5) Whereas, Historian Bill Young researched his families' history for 17 years and after he completed most of his research by graduating from the University of Missouri at Kansas City in 2008, he discovered a major historical achievement: he discovered that his fraternal Mulatto great grandfather David Johnson Young and his maternal great Mulatto grandmother [Hattie Sands] played major roles in the great American experience known as American history.
- (6) Bill Young's great-great-great white grandfather was Solomon Young [David Young's fraternal grandfather], and Solomon was also Harry S. Truman's maternal grandfather which meant that the members of the Young family are blood relatives to former President Harry S. Truman & the Truman family.
- (7) Henceforth, the Missouri Compromise of 1850 prompted the white Young family to leave Kentucky [abt. 1861] and move to the Missouri territory which had the potential to become a slave state; thereupon, after arriving in Missouri, the Young family became part of a secret slave owner association whose main purpose in life was to breed slaves via answering "yes" to the question: Are you sound on the Golden Goose?" Whereas, the slave breeders believed that the Missouri Compromise was the "Goose that laid the Golden Egg."
- (8) Whereas, David Young's biological father was Harrison Young while David's mother, Murillo Young was a slave on the Young plantation; whereby, David Young being born a Mulatto bastard, he was cheated out his birthright before he came out of his mother's womb [see Exhibit G].
- (9) Henceforth, Harrison was sexually attracted to black women [14-year-old slave girls] and never married a white woman; wherefore, a white woman could never do anything for Harrison but tell him which way a black girl went [once you go black

- you'll never go back]; therefore, all of Harrison's children were by black women which resulted in Harrison mixing business [breeding slaves to sell] with pleasure.
- (10) Consequently, Harry S. Truman was named after his Uncle Harrison Young, and before the white Young family left Kentucky to move to Missouri, they sold their plantation and liquidated their estate which consisted of livestock [cattle and slaves]; whereupon, David's family was split up with David, his mother, and his step-father [John Young] being sold to a rice plantation in South Carolina while David's other siblings were sold to the Johnson plantation which is the reason why David utilized Johnson as his middle name with the hope of being reunited with his siblings sometime in the future conducive to freedom bells ringing; again, since Harrison had no white child to pass his name to, Harry Truman's mother [Martha] named her son "Harry," while Harry's middle name would be the initial "S" which reflected his fraternal & maternal grandfathers' names [Solomon & Shipp].
  - (11) When abolitionist attacked the white Young family's Missouri plantation during the Civil War, Solomon Young & sons had to find a new line of work; therefore, Solomon became a wagon master that planned the logistics that led wagon trains from Independence, Missouri to California.
  - (12) Bill Young is the first historian to discover that the printing press was "A Tool of the Christian Trade" and it was the printing press that played the major role in spreading the "Word" of God all over world more so than word of mouth; whereas, the Gutenberg printing press printed the first Bible in the 15<sup>th</sup> Century, and in the 19<sup>th</sup> Century during Reconstruction which reflected Jim Crow Laws, freed blacks were denied education because the new law compelled them to go back to work on the plantation which prompted them to teach each other how to read in Sunday school by using David Young's Sunday School Quarterlies as textbooks [see Exhibit A].
  - (13) Therefore, in the Evangelic Movement, David Young became the first African American televangelist and if not the first televangelist that sent Gospel literature all over the world, he was the first televangelist of the 20<sup>th</sup> Century before radio and television televangelism became the popular media to spread God's Word.
  - (14) Another one of the first televangelist [before David Young] was the Council of Churches/Standard Publishing Company which was established in Cincinnati, Ohio around 1866. Standard designed the first Sunday school book which became a periodic publication that still exist to date; David Young became involved with Standard after he graduated from Augusta Institute [A&M Morehouse College in Atlanta, GA] as a minister about 1870.
  - (15) One of David Young's oldest publication, that's still around is *The Whole Truth* newspaper; this 1911 publication is on display @ the Pentecostal Flower Museum in Springfield, Missouri; the museum also have copies of DJ Young's 1933 *Sunday School Quarterly*. These 1930's Sunday school books are worth \$2.16 million dollars each due to the fact that a 1938 *Superman DC Action Comic* book sold for \$2.16 million dollars @ an action in November of Henceforth, what Brigham Young was to the Latter Day Saint movement, David Young was to the Pentecostal movement which outnumber the Mormons by a ratio of 10 to 1; whereas, David Young was also a co-founder of the Churches of God in Christ [Charles Mason/founder] an organization in which 1 out of 7 of all African Americans belong to; again, DJ Young Publishing Company & the Young family was the education department for the

COGIC for 70 years; furthermore, David Young & the Young family came to Kansas City, Kansas in 1916 @ which time David [first bishop of Kansas] established the first COGIC in Kansas; thereupon establishing Kansas Jurisdiction East; henceforth, he [also] was the first in Kansas to establish a Second Class Postal Permit that allowed him to mail church literature all over the world from his home @ 1958 N. 6<sup>th</sup> Street than later from 642-644 Chelsea Avenue/Parallel Parkway.

- (16) Henceforth, in regards to the Young family's printing equipment, the Price-Chandler is the oldest printing press which was manufactured in 1881 @ Cleveland Ohio by Harrison T. Chandler and William H. Price who converted a hand-fed foot pedal into a state of higher quality by replacing the leg work with an electric motor.
  - (17) Whereas, the Kluge press was another state of the art machine that was manufactured by two brothers from Norway [Kluge} and an American [Brandtjen]. The Kluge press had a vacuum mechanism to pick up paper and relieve the printer from the burden of feeding the press by hand.
  - (18) Henceforth, news presses [Kelly I & II] was manufactured by American Type Founders via the merger of 23 type foundries [USA] representing 85% of all type manufacturers in USA. Before ATF, 90% of all printing presses were manufactured in Europe. William M. Kelly [1869-1949] played a major role in organizing ATF and manufacturing over 2500 Kelly newspaper presses in 1923. Again, Russell Baum started the Liberty Folder Company @ Sidney, Ohio in 1917; this machine folded newspaper size paper [3ft x 4 ft] into any size needed for the print job. At DJ Young Printing Company, the Baum folded newspaper size sheets from the Kelly press into book size Sunday school books.
  - (19) Whereas, the machine that replaced type setting by hand was the Linotype machine which came with a keyboard similar to a typewriter; this machine mounted letters on lead slugs which could be melted into a liquid then recycled which allowed the printer to use the same type over and over again for different printing jobs.
  - (20) Henceforth: the two Kelly newspaper presses, the Price/Chandler press, the Baum Folder, and the Kluge are the only ones that exist which means each one of these machines are worth \$700 million dollars [each].
  - (21) Henceforth, since none of the family members could produce wills, bills of sale, or any legal document to prove ownership or went to Probate Court to claim ownership, Bill Young established DJ Young Publishing Company, LLC on February 17, 2011 pursuant to the laws of Missouri to promote the legacy of David Young, to preserve the historical artifacts and printing equipment, and to publish American history books; therefore, the printing presses that the UG have seized belongs to D.J. Young Publishing Company, LLC; therefore the plaintiff is asking that the UG release the printing equipment that it has in its possession and deliver it to the Flower Pentecostal Heritage Museum in Springfield, Missouri and pay D.J. Young Publishing Company **\$7.7 million dollars** for the intention destruction of \$177 million dollars of historical artifacts and for leaving the scene of a crime and falsifying legal documents through perjury and bribery.
3. **Remedy for African and Native American Reparation:** if the court ruled in favor of plaintiff, there would be no way the City of WYCO/KCK could pay punitive damages of over 177 million dollars; therefore, REPARATION/REDRESS should consist if the following:

CASINO
